# **The Story of our Amish Made All Weather Poly Furniture**

For centuries the Amish have been making beautiful, durable furniture. Now, using modern high quality materials, this tradition of fine craftsmanship continues with our wide selection of poly outdoor furniture. Crafted in shops in the Heartland of America our weather resistant furniture is fully weather resistant. It is guaranteed not to fade, splinter, split or crack. Plus, with stainless steel marine grade hardware, it's guaranteed not to rust in the most harsh conditions.

Even more important than the materials and process is the people. These pieces are lovingly handcrafted in the Amish tradition by Amish craftsmen and women on their family farms. Even the children often make a contribution to the process! So, when you buy a chair (or a pallet of chairs), you are helping to support this fine tradition, and even finer folks.

# WHAT FOLKS ARE SAYING ABOUT OUR POLY FURNITURE

"Finally got my new chairs and table for our front porch. A nice quiet place to read a book and watch the hummingbirds at the feeder."

 -Lisa W.

"We received our furniture today. Far exceeded our expectations! Be very proud of the outstanding workmanship! Beautiful and worth the wait! THANKS!"

 -Steve C.

"Just received my rocker set with table. Ahead of schedule and could not be more pleased. Love, love, love them. From the initial discussion with your customer service through delivery-top notch and thank you!"

 -Dawn Marie S.

"My wife and I are both so so happy with our Adirondack chairs. We ordered eight, four of which rock and four stationary chairs. We continually receive compliments on their comfort and appearance. Thank you very much!"

 -David & Terri P.

"Chairs arrived today. They look awesome. Keep up the great work."

 -Ken M.
